

iPayimpact

The trusted online payment platform for UK secondary schools and colleges

Efficient management of all school purchases

Automate your school payments with iPayimpact, our online payment platform that is packed with features to manage all school income, reduce physical cash handling, and integrate seamlessly with our cashless systems.

In compliance with:

“

It saves me looking for change each week. I can also check how much money is on my child's account and top up online when needed.

”

- Parent, North Lanarkshire

The preferred way to pay

iPayImpact is a simple and secure way for parents and guardians to pay for **all school purchases**, including school dinners, trips, events, tickets and school shop.

Individual user accounts give parents a single view over all their children's activities, including; clubs, trips, and meals, including their full transaction history and live cashless balance.

Automated payments & reminders

Parents can control scheduled and recurring payments with ease.

Email alerts and notifications inform parents when their balance is low, allowing them to update their accounts, and saving schools valuable time in chasing overdue payments or debts.

Payment protection

All payments made through iPayImpact are covered under the Financial Conduct Authority (FCA) to provide parents with the highest level of payment protection.

Parental consent

iPayImpact provides parents with a view over all their children's activities and the ability to view and sign parental consent forms for school clubs and trips.

Parents of more than one child also benefit from having one account for all their children, irrespective of different schools or bank accounts.

Socially inclusive

iPayImpact links with **PayPoint** to provide a socially inclusive payment option for parents and guardians without internet access.

Significant savings

iPayimpact removes the need to handle cash but also has the facility to record cash payments if need be.

Turning 100% cashless means schools can eliminate insurance costs associated with keeping cash on the premises whilst saving time on admin, collection, management, recording and reconciliation of money.

Your primary cashless solution

Teachers can help primary school pupils pre-order their favourite meals ahead of time from their classroom.

iPayimpact's pre-order feature is a quick, simple, easy, and exciting way for pupils to order meals whilst generating discussion around healthy food and nutrition.

Powerful reporting

iPayimpact provides complete transparency and auditable funds and payments. Downloadable reports are available to update back-office finance systems automatically.

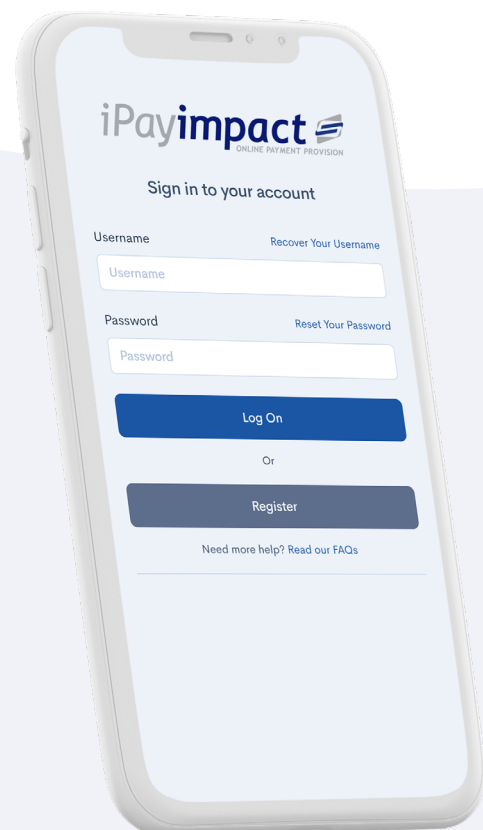

Seamless pre-ordering for secondary schools

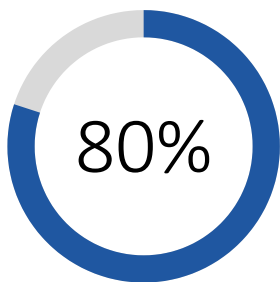

Our award-winning pre-order app, Fusion Online, allows secondary school pupils to order school meals directly from the mobile app or online browser. All pre-ordered meals are pre-paid as the pupils' cashless account automatically updates upon ordering.

The combination of iPayimpact and Fusion Online means that schools can remove physical touchpoints from the traditional lunchtime service altogether.

“
iPayimpact has made things a lot easier for us. We've been able to save time on manual management and administration tasks that now no longer need to be done.
”

- Headteacher, St.
Ambrose High School

**Findings from a CRBC user survey.*

80% of parents and guardians prefer iPayimpact online payment system* to top-up their child's account online.

Parent feedback highlights the ease of use and seamless payment functionality which saves parents time looking for cash, and time for the student waiting in the lunchtime queue.

iPayimpact's fully responsive design is easy to use on desktop, tablet or mobile phone meaning parent's can top-up anytime, anywhere.

83% of pupils prefer using iPayimpact for a quicker lunchtime experience.

Pupils benefit from faster speed of service and don't need to bring physical cash to school.
